To whom it may concern:

Swallowtail School is excited to announce our second annual 5 K Road Race fundraising event. The event will be held in Fall of 08 in Banks, OR. Plans are underway to provide an exciting community event with 300-500 runners.

Our "hook" or race attraction is not only a great cause (Swallowtail), as well as a fast/fun race course and a cool T-shirt, but an amazingly huge post race raffle for all participants. This is an excellent forum for you to bring your group or business to the attention of the community. All contributions are tax deductible and all profits will go to benefit Swallowtail School. If you choose to donate, please fill out the enclosed donation form and return it to the school before September 1, 2008.

Overview of the School

Swallowtail School is a small, non-profit school offering a Waldorf education to children in preschool through Grade 8 in Western Washington County. Waldorf education strives to educate the whole child—head, hands and heart, and endeavors to foster a strong sense of our connection to the natural world and each other. We pride ourselves on having a robust feeling of community among school families, created through our festivals and holiday celebrations as well as our many volunteer opportunities.

Swallowtail was founded in 1995 and is committed to creating a diverse community drawing from all economic backgrounds. To help foster this, we have a financial aid program that serves approximately 20% of our community. Your donation will help us keep our school strong!

Thank you so much for your time.
